Product Name	FIRE SIST+® Fire Sprinkler Pipes
Slogan	With the quality and dedication to meet the needs of our business partners in the best way
Description	Premium epoxy-coated Firesist+ pipes are certified as corrosion resistance category C4-M and proven to exhibit outstanding mechanical performance by European independent third-party testing laboratories. They are suitable for difficult environmental conditions and ideal for continuous operation up to 98 °C. Firesist+ pipes are specially developed with ease of on-site use in mind. They allow regrooving with no flaking or peeling on pipe ends. The coating color and texture are not visually affected by heat during cutting and drilling.
